Log into Disney+ Account

After launching TunePat DisneyPlus Video Downloader, choose to download videos from Disney Plus or Hotstar. Then you will see the built-in web player, asking you to log in with your Disney+ account. Follow the tips to enter your account information.
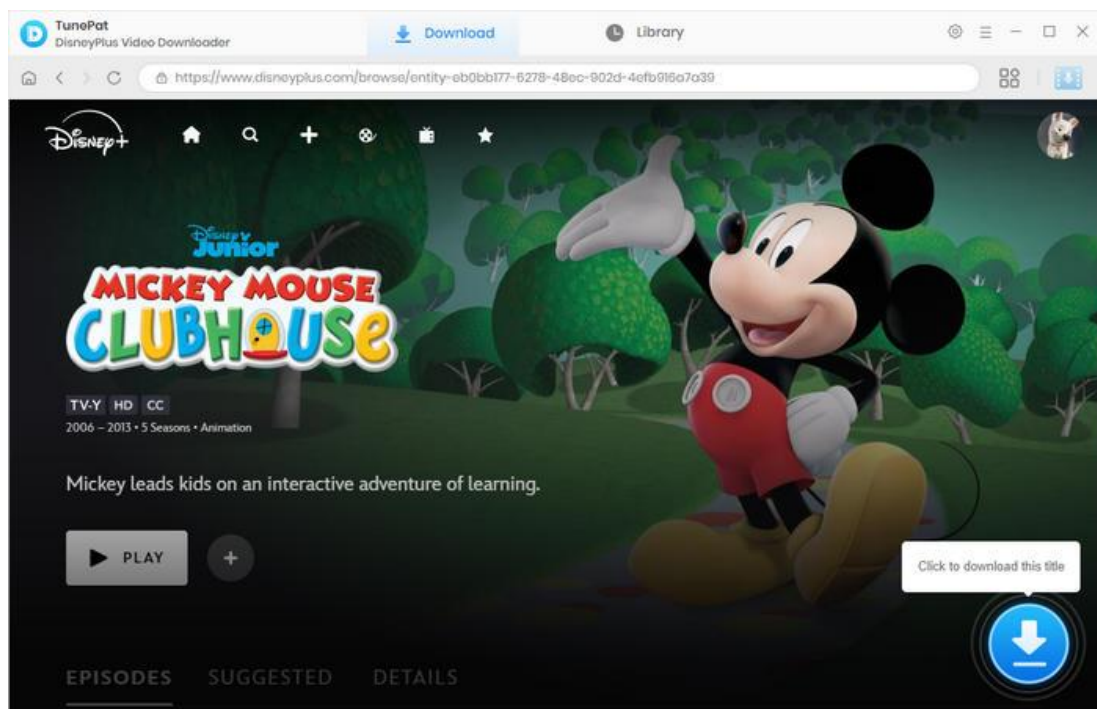

Customize Output Settings

Click on the **"Setting"** button in the upper right corner to choose the output settings, including the video format (MP4 or MKV), video quality (High, Medium, and Low), the languages of audio tracks and subtitles, etc.
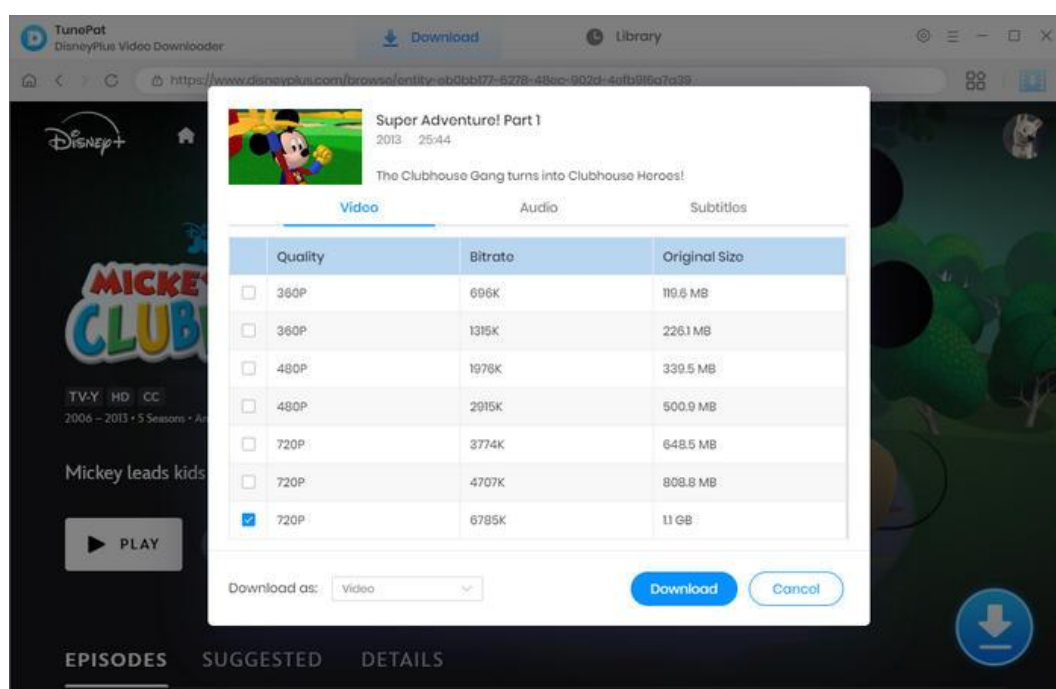

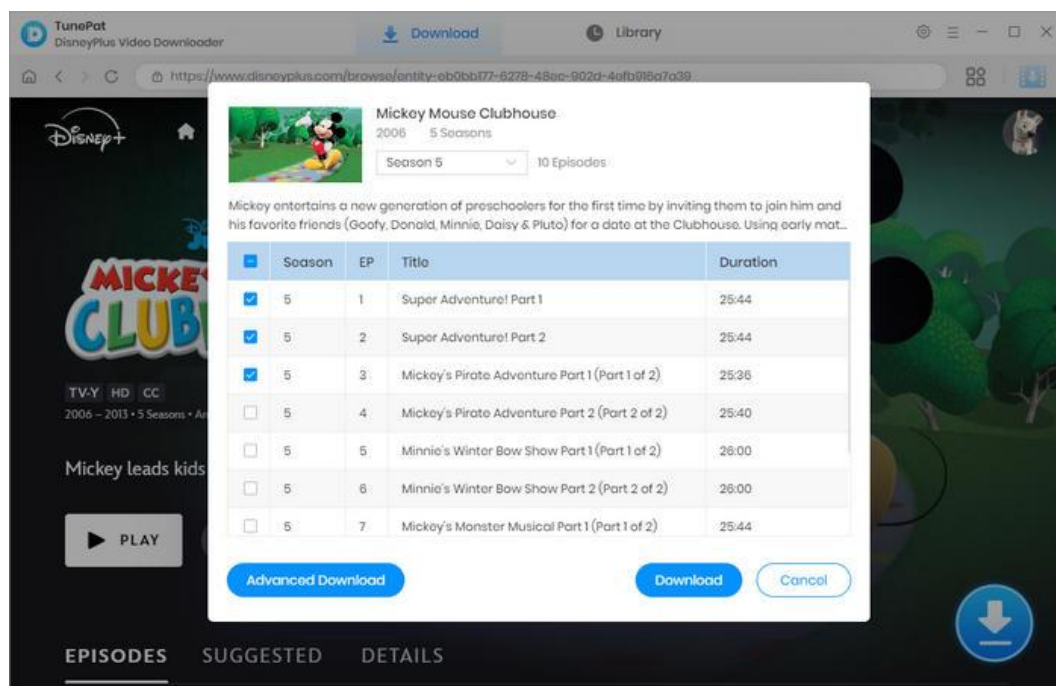

Select Disney+ Video to Download

Search for Disney+ videos by entering the name or URL into TunePat's search bar. TunePat will find the related videos for your reference. Or you can browse the web player to locate your desired video. Open it and hit on the blue **"Click to download this title"** in the bottom right.
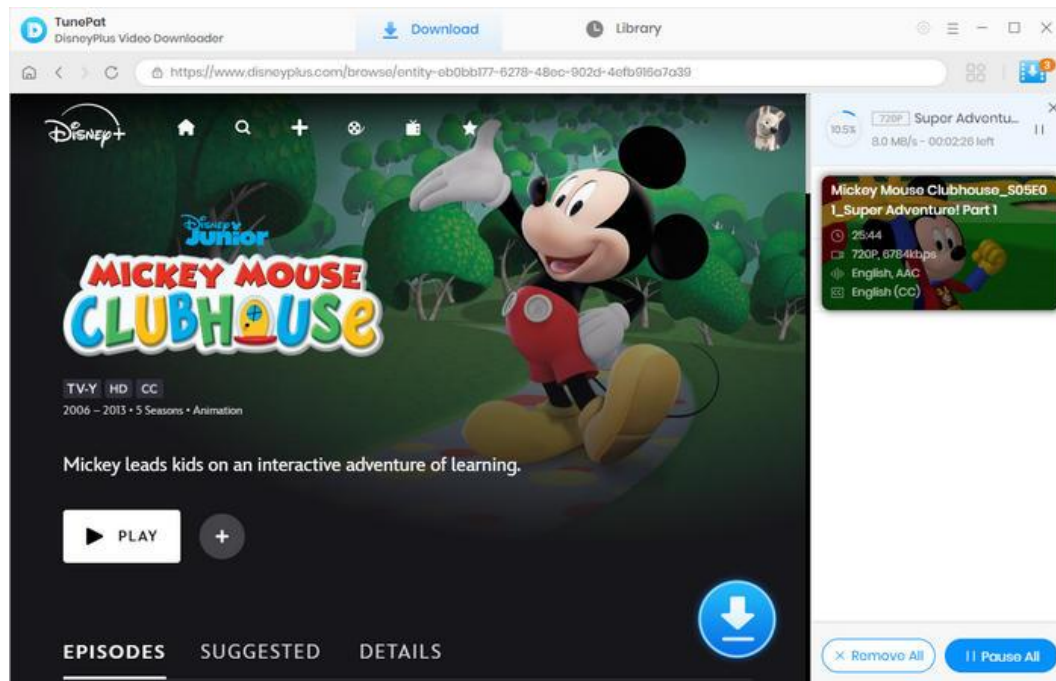

Choose Advanced Download Settings

In the advanced download settings window, you can select specific video quality, audio track, and subtitle for the selected videos. If you are downloading a TV show, please select your wanted season and episodes first, then click the **"Advanced Download"** button to open the advanced download window. If you are downloading a movie, you get the options directly.
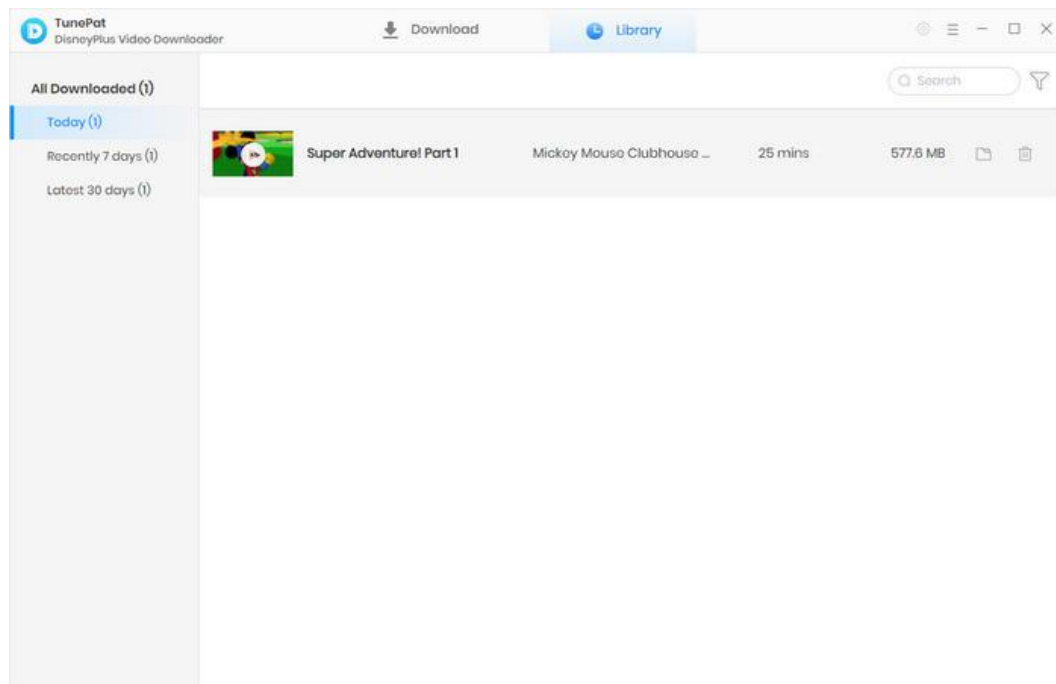

Download Disney+ Videos

Click the **"Download"** button, and TunePat will start downloading the video. The downloading process will be shown on the right side of the screen. When you want to add more videos to the download queue, simply repeat the previous process.

Check Download History

After downloading, you can check the download history by clicking the **"Library"** tab. Here you can find all the videos that you've downloaded.
